

# EARTH DAY SHOWCASE OVERVIEW

Our Planet, Our School.

Guide your students through a learning project that frontlines student solutions. Choose one of the 4 topics below. Use upcoming **EARTHDAY.ORG** resources to guide student learning. Sign up to receive up to date information or visit our climate education page.

- Student led inquiry
- Critical thinking skill development
- NGSS aligned

## Plastics

How can we reduce plastic waste?

## Fast Fashion

What sustainable clothing changes can we make?

## Renewable Energy

What types of renewable energy is best for our community?

## Foodprints

How can we eat more sustainable at school?

# EARTH DAY SHOWCASE

3 STEPS FROM START TO FINISH

## 1 Access Differentiated Materials

Use a variety of materials on all 4 Earth Day topics.

## 2 Set the Pace

Access and adapt the resources anytime before Earth Day.

## 3 Showcase Student Work

In April, submit student work and earn the Earth Day Certificate.
